

TOTAL LAB SUPPLIES

Offers

SUMMER 2018

Everything For
Your Laboratory

The Clinell product range combines innovative technology with ease of use providing the laboratory industry with the most effective infection control solutions available.

Improved cleaning and disinfection of room surfaces decreases the risk of healthcare-associated infections and in a laboratory cleanliness is everything.

Clinell wet wipes consistently deliver a stable, effective dose of disinfectant which has been tested and proven to kill microorganisms within realistic contact times and conditions, unlike solutions, sprays and dry wipes.

Clinell offer a range of antibacterial hand wipes for cleaning and disinfecting hands. The patented formula kills 99.999% of germs without the need for soap and water. With no alcohol and aloe vera, these wipes help protect your skin.
