DANGEROUS STORAGE CABINETS

FLAMMABLE LIQUID STORAGE CABINETS

For safe storage of chemicals, paints and hazardous substances as defined by COSHH guidelines.

- Constructed from 18-20 gauge mild steel with a durable, epoxy - polyester powder coated finish and clearly labelled with 'Highly Flammable' hazard warning diamonds that comply with current guidelines.
- All units comply with the Highly Flammable Liquids and Liquefied Petroleum Gas Regulation 1972 and, where appropriate, the Health and Safety Executive Guide HSG51 and DSEAR 2002.
- Doors are fitted with a quality chrome lock (1-point locking on single doors, 3-point on double doors) and are reinforced with steel door stiffeners and fixed within a rebated frame to prevent buckling under extreme conditions.
- Two keys supplied.
- Each cabinet features adjustable shelves and an integral leak-proof base sump.
- Additional Shelves also available (sold separately) see price below right.
- Prevent items being placed on top of 915mm (W) units by fitting a Sloping Top (sold separately) see price box (HCT61).
- Mini Cabinets also available that fit easily under benches or worktops - ideal for schools, laboratories or where low volume storage is required.
- **Please note additional freight charges may apply.**
- **Restocking fees may also be applied should you wish to return one of these products.**
