- Construction
- Air conditioning/HVAC systems
- Other machinery & equipment

What is the table and what does the table do?

- A table with a solid granite block
- Neutralises vibrations
- Improves balance accuracy and precision
- Extra space used for working

The AVT is easy to assemble, with all necessary tools supplied. The internal working surface measures 15.7" x 17.7" / 400 X 450mm, allowing ample space for a balance. Its large, scratch-resistant dark granite slab sits on shock-absorbing rubber mounts, while levelling feet accommodate uneven surfaces. The balance fits in the middle of the AVT's granite surface, stabilizing the base and enabling greater precision.
